

NESTS

Comfort and safety for your piglets

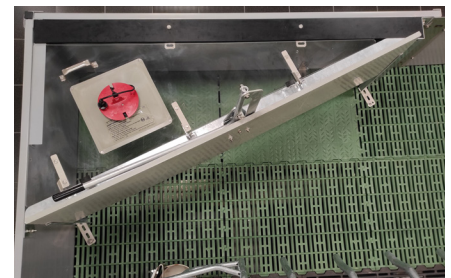

Our wide range of nests comprises different models designed to best suit your farrowing stalls. Our straight, corner or angle nests, single or double, all have a transparent lid to facilitate surveillance of the first days of life of your piglets.

ANGLE NEST

STRAIGHT NEST

CORNER NEST (EXPANDED)

FOCUS ON 3-POSITION NEST AND NEST BLOCKING

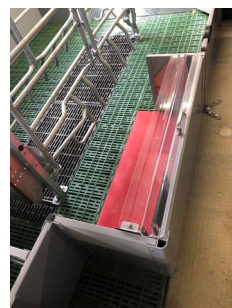

POSITION 1

The piglets are **protected** from drafts

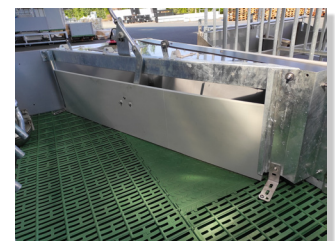

POSITION 2

The piglets are **blocked** in the nest for administering care

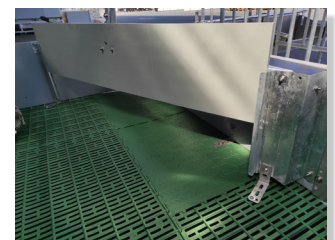

POSITION 3

The lid is **folded** to facilitate nest cleaning

CLOSED POSITION

OPEN POSITION

Reduced energy consumption

Heavier piglets and more of them

Easy cleaning

Protection from drafts

Better visibility, easier surveillance

Perfect integration of heating lamps
