

BIOTEK UP

The stall that meets the requirements of organic farming

Our BIOTEK UP stall is suited to all organic farms, even with straw bedding. You want to convert your farm or renovate your farrowing pen, while ensuring safe farrowing? We can offer you dedicated support and a made-to-measure stall that is perfectly suited to your building.

+ ITS PLUS POINTS

- Specific side panels for the free movement of the sow
- Piglet nest for their comfort and safety
- Low-floor straw-bedded exercise zone
- Easy-to-clean anti-UV treated partitions
- Articulated barrier for outdoor zone for scraping with a motorised cleaner
- Lift stability guaranteed by the horizontal thrust from 4 cylinders

+ MATERIALS

- Concrete floor alone or combined with MIK® plastic floor supporting sows weighing up to 350 kg, highquality, high-resistance under the sow
- External access gate that can be actuated by the sow
- 50 cm-high PVC low enclosure, high resistance to shocks and to wear and tear
- 1 m-high PANELTIM® polypropylene high enclosure, $\pm 10 \text{ kg/m}^2$, 50 mm-thick, 100% hermetic, resistant to shocks and to ammonia
- Hygienic, durable and anti-corrosion stainless-steel side panel and frame feet
