

LACTEK PRO

Our LACTEK PRO stall is a proven winner

The most traditional of our stalls is still a choice you can bank on, even after all these years! You're looking for a simple and efficient farrowing stall that offers great value for money? Then look no further !

+ ITS PLUS POINTS

- Economical
- Scalable and adaptable
- Easy to wash
- Ergonomic design: 2- or 3-way posts
- Crushing risk reduced thanks to raised stainless-steel frame
- Better access to lower teats, colostrum intake encouraged by raised stainless-steel frame

+ MATERIALS

- MIK® plastic floor supporting sow weighing up to 350 kg, high-quality, high-resistance
- Cast-iron slats
- 50 cm-high PVC enclosure, high resistance to shocks and to wear and tear
- Hygienic, durable, anti-corrosion stainless-steel posts
